### **March 7th - Red Blends**

Red blends are hot right now. The blending bug only hit California in the 1980's but winemakers have definitely made up for lost time. These wines will illustrate how extraordinary a good red blend can be, and how the whole really is the sum of its parts.

### **April 4th - White Sale - Staff Assembly Pin Discount**

"Seasonal sipping" is likened to the old rule of cuisine that says, "Red wine with red meat and white wine with fish." Nowadays, a global selection of food and wine makes both seasonal sipping and the old rule of cuisine way less important. Either way, you can get ready for the weather to change or just take a summery escape with your choice of sips.

**Staff Assembly members will receive a \$2 discount if participants wear their pin to this event.**

### **June 6th - Wines With A Past**

Simi Winery in Sonoma County has a great history that endears these great wines to wine drinkers. Founded in 1876 by brothers and later taken over by Isabella Simi. Just eighteen at the time, she and her husband struggled to keep the winery through prohibition. When prohibition lifted they had a wealth of beautifully aged wines.
